

# BUILDING/UNIT INFORMATION

---

## **Parking**

There is street parking only. Parking spots can be found on Stagg St. (our street) and neighboring streets Bogart St. & Meadow Street are recommended. Best time to find parking is before 9am.

## **Power**

Studio can handle up to 120 volts and 100 amps of power via distro “lunch box” free to use - There are 5 breakers (20 amps each). 2K are the maximum lights that we can run here. In addition, we have several standard wall outlets.

## **Freight Dimensions**

Our freight elevator is fully automatic. The inside elevator dimensions are 104” in width and 83” deep. The inner front height is 117” and the inner back height is 142”. The elevator door opens up to 6’ in height x 7’ in width. Please inquire if you have any concerns regarding oversized or irregular-shaped items.

Our building has a large loading dock next to the main building entrance making the freight elevator easily accessible.
